

logitech®

PRODUCTIVITY MEETS COMFORT AND STYLE.

Logitech USB Headset H650e

Sophisticated in both appearance and technology, the Logitech® H650e Headset delivers functionality and style. This is a professional headset with digital signal processing, acoustic echo cancellation, wideband audio, dynamic equalizer, and noise-cancelling mic. It's all intended to make your calls as productive and comfortable as possible.

Attention to detail is what distinguishes the Logitech H650e Headset. It's perfect for people who care about design touches like intuitive in-line controls for adjusting volume and a bright LED light that lets others know you're on a call.

Enjoy USB plug-and-play connectivity using a flat, no-tangle cable. Plus, advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members' ensure a seamless meeting experience with any video conferencing application — including the ones you already use.

Logitech USB Headset H650e

FEATURE SPOTLIGHT

In-call LED indicator light

Located on the backside of the boom, this red light provides a visual alert to those behind you that you are on a call, preventing accidental disturbances during calls.²

Flexible microphone boom

Rotate the boom up or down and bend it left or right to move it closer to your mouth, enabling optimal placement for voice pickup.

Quick-access inline controller

Control the call with answer/end,² volume up/down and mute buttons. The volume-up button is strategically built higher than the others, providing a point of reference for your fingers and allowing you to control the call without looking away from your work.

Optimized for Microsoft® Lync™; Cisco® compatible²; Compatible with most leading video conferencing platforms

Ensures enterprise-quality audio and an integrated experience with most all business-grade video conferencing platforms.

Flat no-tangle cable

Avoid cord tangles so you can put the headset on quickly and easily without the mess.

Dynamic equalizer

Automatically switches between voice and music modes, delivering the best sound quality for what the user is listening to.

Acoustic echo cancelation and noise-cancelling microphone

Optimized so you can hear and be heard even in noisy workspaces.

Wideband audio

Hear and be heard in true wideband audio, ensuring those on both sides of the call enjoy a life-like listening experience.

Digital Signal Processing (DSP)

Enables precise tuning for both the mic and speaker so conversations are more life-like.

Logitech Sound Protection

Designed for protection against sounds above 115dBA to deliver exceptional listening comfort for voice and music; compliant with EN60950-1.

Padded leatherette headband and replaceable leatherette ear pads

Built with high quality materials so the headset remains comfortable, even during long hours of use.

Contemporary, ultra-lightweight design

Sleek design and durable materials provide a more attractive look than traditional headsets.

Strong TR90 nylon construction

Stronger and more flexible than ABS, making it a more durable material. Plus it has a higher level of resistance to everyday chemicals including hairspray and sunscreen.

Cloth zipper bag included

Protect your headset at the desk or on-the-go with a premium velvet carry bag.

Plug-and-play USB connectivity

Easily connects to a PC or Mac® with no additional software required.
